Baton Rouge or Frisco, it's always the same  
Baton Rouge or Frisco, I can't forget her name

In the dead of night, on my way out of town  
And by morning light, I was covering ground  
Every thought of her was gone I was just moving on  
'Til I read next day Marie and a note were found  
When it was much to late to turn around

Baton Rouge or Frisco, it's always the same  
Baton Rouge or Frisco, I can't forget her name  
Just a passing love that was all I could give  
Be she understood the way I live  
All I wanted from Marie was a sweet memory  
When her lips reached out and touched the man in me  
And now that memory won't let me be

Baton Rouge or Frisco, it's always the same  
Baton Rouge or Frisco, I can't forget her name
