Your eyes, had a welcome sign
Your lips, said you'd be mine
You came, and I knew it all the time
And your name, I don't recall
Never knew you at all
I hope I'm not the first that you couldn't buy

Oh, love is blind (oooh)
Love is blind (oooh)
You're looking for love (oooh)
I don't have the time (oooh)
Oh...

No promises, no lies
The truth lies in your eyes
I want you, and you want me...

Love is blind (oooh)
Love is blind (oooh)
You're looking for love (oooh)
I don't have the time (oooh)
No-oh...

Love is blind (oooh)
Yeah, love is blind (oooh)
I'm not looking for love (oooh)
But don't leave me behind (oooh)

Love is blind (oooh)
Love is blind (oooh), yeah
You're looking for love (oooh)
I don't have the time (oooh)
Oh, love love...
Love is blind (oooh)
Ooh...
Love is blind (oooh)
Ooh...
