(Gene Simmons, Bob Kulick)

[Verse]

I know you're playing a game  
But you're not to blame  
But sometimes I feel just the same  
I need a renaissance  
Another chance to make new plans  
But I'll go on livin' just the same (Ooooh)

[Chorus]

Now that you're gone (now that you're gone)  
I'll go on living (I'll go on living)  
And I'll carry on just the same...  
And you're to blame  
Now that you're gone (now that you're gone)  
I'm just beginning to feel the pain

[Verse]

We happened much too fast  
That's in the past  
We may know at last  
But that's a chance we'll have to take (Ooooh)

[Chorus]

Now that you're gone (now that you're gone)  
I'll go on living (I'll go on living)  
And I'll carry on just the same...  
And you're to blame  
Now that you're gone (now that you're gone)  
I'm just beginning to feel the pain

Just begun (just begun) to be the one

To feel the pain  
Just begun (just begun) to feel the pain  
To be the one  
To feel the pain  
You left us when I was much too young  
And I was your only son  
But you left me anyway  
And now my heartache's just begun

And now you're gone I'm all alone

[Chorus]

Just begun to feel the pain  
To be the one to feel the pain  
Just begun (now that you're gone)  
To be the one (now that you're gone)  
Just begun (now that you're gone)  
To be the one (now that you're gone)  
Now that you're gone  
To be the one (now that you're gone)  
Just begun (now that you're gone)  
To be the one (now that you're gone)  
Now that you're gone  
To be the one (now that you're gone)  
Now that you're gone  
To be the one (now that you're gone)
