When you finally tell me what I know is on your mind
Don't cry, don't let those teardrops start
Just tell me that you're leavin' and you'll be gone for
good
But speak softly, you're talkin' to my heart
True love is a treasure that few men ever find
I thought that I'd found it from the start
But now it's over, it's so over
Only a fool would stay to watch it fall apart
How I was tryin' to change your mind
Sold my soul, lost my pride
What's that reflection in your eyes
Is it your plan to love another man
How I was tryin' to change your mind
Sold my soul, lost my pride
What's that reflection in your eyes
Is it your plan to love another man
When you finally tell me what I know is on your mind
Don't cry, don't let those teardrops start
Just tell me that you're leavin' and you'll be gone for
good
But speak softly, you're talkin' to my heart
Just speak softly, you're talkin' to my heart
