(Joe Eddie Gough)

How does it feel in the morning after the party  
A night of love a night of holding you tight  
Don't have to say that you love me no talk of forever  
Just ease the pain of living a lie.

I've had it all someone to love me  
I've had it all cause someone was there  
But now she's gone and I'm alone and I can't stand this  
feeling  
Until I'll find me someone who cares.

How does it feel in the morning after the party  
A night of love a night of holding you tight  
Don't have to say that you love me no talk of forever  
Just ease the pain of living a lie.
