(Roger Miller)

See her dancing, see there Willie, see how reckless she  
lives

She's a wild one that everyone knows

What's that Willie, why you're cryin', oh, what have I  
done

Sorry Willie, I didn't know you didn't know.

And I wouldn't have said all those things if I'd known

That she was your darling, your sweetheart, your own

Please don't ask, Willie, how well I know her, I might lie,  
I don't know

Sorry Willie, I didn't know you didn't know.

--- Instrumental ---

And I wouldn't have said all those things if I'd known

That she was your darling, your sweetheart, your own

Please don't ask, Willie, how well I know her, I might lie,  
I don't know

Sorry Willie, I didn't know you didn't know.

Sorry Willie, I didn't know you didn't know...
