(Dallas Frazier - Sanger D. Shafer)

The handle on my suitcase is coming off again  
And the cleaners only sent back half my things  
The forecast of the weather says we're in for heavy rain  
And you know I don't like driving in the rain.

I wish the sun was shining I'd be on the road right now  
With nothing but a good time on my mind  
I hope that you don't think that you're the reason I'm  
still here  
Or think that love is puttin' off goodbye.

This just ain't no good day for leavin'  
Against my wants and wishes I guess I'll have to stay  
This just ain't no good day for leavin'  
If it's alright with you I think I'll wait.  
(Think I'll wait, think I'll wait, think I'll wait.)

Today my eyes are misty and I'm all choked up inside  
It's funny how a cold can make you cry  
Jimmy called and said he found my lighter in his car  
Can I help it if he can't come by till five.

Just because I don't let on how much my heart has  
changed  
Don't think that I can't walk right out that door  
If I still cared for you I'd find a way to stall for time  
It's a good thing I don't love you anymore.

This just ain't no good day for leavin'  
Against my wants and wishes I guess I'll have to stay  
This just ain't no good day for leavin'  
If it's alright with you I think I'll wait.  
(Think I'll wait, think I'll wait)

Just think I'll wait..
