I think I'm crazy baby
I let you off the hook too easily
If you were a telephone you'd still be off the hook.
This is my last leg, been awake for days,
in a minute I'll die of starvation
I'll come back a ghost,
back to haunt you and float around your room.
What do I do when you get close?
If I kiss your neck, would you slit my throat?

Are you thinking of me when you're putting on your
make-up darling'?
Dying your hair like you do?
Well, you're wasting your time if you're trying to
impress me,
I waste all my time just thinking of you.

I'm not imagining how you give me the shivers,
standing up to your waist in your river.
You're the sweetest boat builder I think I've ever seen.
Dream in Japanese, dream in Japanese,
Some language I don't even know how to speak.
But your still pretty, I am still choked up,
it's probably just the same.
The more I hang around you,
the more hang ups I get.

Are you thinking of me when you're putting on your
make-up darling'?
Dying your hair like you do?
Well, you're wasting your time if you're trying to
impress me,
I waste all my time just thinking of you.

I know that you're an angel,
but you could never stay true.
Hey Angel, I think your halo has a screw loose
Cause you drop me like a brick off the rooftop of your
high school.

Could I watch the next time you're applying you

eyeliner,
I waste all my time thinking of you.
