Love With No Rules

Verse 1

If I take you to the Kingdom of Light on my wings of  
love

If I show you where angels fly at night  
Where Love is pure Light; Love is all around  
Will you stay with me in Heaven till the end of time?

Chorus

Love with no rules is what I give you  
Love with no rules is what you're getting into  
Here Rules are broken; Promises unspoken;  
Love with no boundaries or rules;  
All my love I give to you

Verse 2

I can take you to the Land of Angels thru the mirror of  
time  
I can save you from the rules of earthly Love  
We can fall asleep on clouds where dreams are made  
of stars  
With Angels of Love watching over us
