Laetitia, you destroy me
So I can't see why I feel so lonely
When you and me could be forever
Perfectly perfect together I know

Broken down in my dead bedroom
Stuttering to pictures of you
I know that you can always see me
I saw you staring through my TV last night

I'll leave the door open all night
If you decide you want to stop on by
Because you got to know
Who's been singing that song on the radio
The one that goes
(The one that goes)

My friends all call me crazy 'cause I
Stay up late anticipating
And planning for the day I sweep you
Off your feet I'd never leave you alone

Laetitia, you got my hands shaking
I'm begging you, oh baby please stop breaking
My heart because I got the feeling
That you and I will never even get it on

I'll leave a door open all night
If you decide you want to stop on by
Because you got to know
Who's been singing that song on the radio
The one that goes
(The one that goes)

Girl come to me
The only broken-hearted loser
You'll ever need
Or I'll be left alone forever with my magazines

Come to me
The only broken-hearted loser
You'll ever need

Or I'll be left alone forever with my magazines

(Girl you got my hands shaking)

Come to me

The only broken-hearted loser

(You got me going crazy)

You'll ever need

(Girl you got my hands shaking)

Or I'll be left alone forever with my magazines

(You got me going crazy)

(Girl you got my hands shaking)

Come to me

The only broken-hearted loser

(You got me going crazy)

You'll ever need

(Girl you got my hands shaking)

Or I'll be left alone forever

(You got me going crazy)

Laetitia, you destroy me

So I can't see why I feel so lonely

When you and me could be forever

Perfectly perfect together I know
