And it comes down to you  
Never and ever, wrecked his day  
Looks and flirts and noontime in your shortest skirt  
Past the point of trying, I'm a dying breed  
Thank you for reminding me of all the things I've done  
completely wrong

Stop these looks and letters  
This isn't for the better,  
you've put me down  
It's for the worse  
You're not my girl  
(can't recall, I can't recall all the times)  
I can't recall all the times  
that she talked down to you  
Letter's come again

Stop the circulation  
to my legs and break my bones  
Dateless and late  
I'm better by myself at home  
Past the point of trying and I'm dying here  
Secondary laughs at every word  
I know came out completely wrong

Stop these looks and letters  
This isn't for the better,  
you've put me down  
It's for the worse  
You're not my girl  
(can't recall, I can't recall all the times)  
I can't recall all the times  
that she talked down to you  
Letter's come again

And it's my last semester  
And brothers always come first  
It's my last semester (it's my last semester)  
At least until next winter (at least until next winter)  
But I'm sure that I'll be over this by then  
Better scenes... I wish you'd seen me

Better off if I just let it be  
Better pretend it don't matter  
Better off if I could have her  
Better days since the day I met her  
I'd better hope she got my letters  
Better off in two year stretches
