Shattered

Verse 1

There'll be a day when I no longer long for you... (long for you)

There'll be a day when I have no single thought of you

There'll be a time when I've forgotten you

And I pray that time come soon!

Chorus

Shattered - (dreams) - but still strong - (will)

Wounded - (heart) - yet still kind - (soul)

Shaken - (faith) - but still alive - (love)

Unyielding spirit is flying high!

Verse 2

Weeks and months - gone by - no thought of you
crossed my mind

Not appreciated, just humiliated & let down

I don't need you, leave me alone, let me live my life

I pretend that I succumb to your ruthless rules of love

I let you think you won

Bridge:

I gave you everything - my heart, my soul, my dreams

I lost it all but you don't possess my soul

So you see the beauty of my spirit inside me
