I don't wanna let you go  
But it hurts my hands to hold the rope  
I won't be such an easy mark  
You're no better than they say

And all the candles on the cake  
All set fire to the gate  
Turn the cannons towards the boat  
Men were drowning in the moat  
It was the end of all rowers oars

If you call then I'm coming to get you  
If you call then I'm coming now  
If you call then I'm coming to get you  
You wanna sink, so I'm gonna let you

All I want's some earth and seed  
To only grow the things I need  
But first I must find my way back  
And you go lay down on the track

In youth I had an even keel  
But now I'm not sure what is real  
It's taken me this long to learn  
That every dead is ate by worms  
And once they're gone they don't return

If you call then I'm coming to get you  
If you call then I'm coming now  
If you call then I'm coming to get you  
You wanna sink, so I'm gonna let you  
I'm coming to get you

If you call then I'm coming to get you  
If you call then I'm coming to get you  
You wanna sink, so I'm gonna let you  
Then the fire snuck into your bedroom  
Now I'm falling asleep to forget you

How darkly the dark hand met his end  
He was withered and bony, exposed for a phony  
But we heed the last words that he penned

Haste to disgrace the traitor, do not wait till later

I don't think that you've got to pretend  
I see God in birds and Satan in long words  
But I know what you need in a friend  
So now when I leave you, I hope I won't see you

How darkly the dark hand met his end  
He was withered and bony, exposed for a phony  
But we heed the last words that he penned  
Haste to disgrace the traitor, do not wait till later

If you call then I'm coming to get you  
If you call then I'm coming now  
If you call then I'm coming to get you  
You wanna sink, so I'm gonna let you  
Well, I'm coming to get you

If you call then I'm coming now  
If you call then I'm coming to get you  
You wanna sink, so I'm gonna let you  
Then the fire snuck into your bedroom  
Now I'm falling asleep to forget you
