i called u on the phone
and you said that somethings wrong
i can feel it in ur voice
i can hear it in your tounge
and you said its just not working out
its just not working out..

i'll be crying when u go away
i'll be crying when u go away

you said it wasn't me
you just said you couldn't see
getting back w/ me again
so i guess this is the end
you asked if we could just be friends
lets just be friends..

i'll be crying when u go away
i'll be crying when u go away
(spoken by a girl)
i've been trying to think of a way to tell u this
were almost out of school its our last year and
i think we owe it to ourselves to be free
to go out w/ other ppl
i still want to be friends
i'll be crying when u go away
i'll be crying when u go away
....away.....

i'll be crying when u go away

....away...

i'll be crying when u go away...
