This one is called the big bed
"Cause it's kind of heavier than lead
And kind a dreader than dreader than dread there you
know

You call me, I'm not at home, when you're alone
sleeping in the middle of our big bed
Cuddled with you, where I should be
Try to go to sleep, you want love instead

With you tonight there's no escaping
Love's for giving, not just taking
in the middle of our big bed

Where could I be, wish you were with me,
Visions of you, rolling in our big bed
Where would I go, now that I know
what you have toy about your lover man

You will find that I'm alright now
Dreaming of you with all your clothes on
in the middle of our big bed

She love de big bed, she love de big bed ay ay
Rolling, rolling, rolling in our big bed
We love we big bed we love we big bed ay ay
Rolling, rolling, rolling in our big bed
Rolling, rolling, rolling, rolling
She love de big bed, she love de big bed ay ay
She love de big bed, she love de big bed come again
She love de big bed, she love de big bed ay ay
'Cause when a man and a woman say they love one
another
emotions come like a change in the weather
But you must keep a promise to the other
that there's nothing to hide
Watch de ride

Take me inside, closing my eyes, vision of you
taking off the covers of our big bed

Never alone, mymind is my home

Thinking of my lover in her big bed

Instead of feeling down and blue then
I carry pictures of me and you when
we're in the middle of our big bed!

We love we big bed we love we big bed ay ay
Rolling, rolling in our big bed
We love we big bed we love we big bed tell dem
Rolling, rolling, rolling in our big bed
We love we big bed we love we big bed
In the middle of our big bed
We love we big bed we love we big bed tell dem
In the middle of our big bed
Rolling with you
In the middle of our big bed
We kinda heavier than a heavier than a heavier than
lead yeah
In the middle of our big bed, right now
Rolling, rolling, rolling in the middle of our big bed

We kinda dreader than dreader than dread yeah, you
know
In the middle of our big bed
Dis a big bed,
Rolling in the middle of our big bed
We kinda heavier than a heavier than a heavier than
lead Whaaoh
In the middle of our big bed
In the middle of our big bed
We kinda dreader than dreader than dread yeah, Wow
ah!
Big bed....
