There's been so much eye for an eye  
Now I can't tell which cheek to turn  
Look how we double deal  
Just to keep the pack at bay

Ah now I'm asking the whys and whens  
He's coming back for a second term  
And I'm all fingers and thumbs  
Through trying to have my say  
What do you say?

Come again, come again  
Oh, help me through the night  
Come again, oh, Jesus Christ

I found a book in a hotel  
Just as I had nothing left to read  
And nowhere left to turn  
Felt like I had been drawn

How the wind rocked the trees  
Waves were picking up across the bay  
And yes the earth moved for me  
In a different kind of way  
What do you say?

Come again, come again  
Oh, help me through the night  
Come again, come again  
Second time will be twice as nice  
Come again

A white light at the end of the tunnel

(Boop boop)  
Come again, come again  
Oh, Jesus Christ

Come again, come again  
Oh, help me through the night  
Come again  
Oh, Jesus Christ

Look there's been so much eye for an eye  
I don't know which way to turn  
Look how we double deal  
Just to keep the pack at bay

Ah, now I'm asking the whys and whens  
I don't know which way to turn  
Could end up talking in tongues  
Through always trying to have your say

Come again, come again, come again  
Oh, help me, oh, help me  
Come again, come again  
Second time will be twice as nice

Come again  
A white light at the end of the tunnel  
Boop boop  
Come again, come again  
Oh, Jesus Christ

Come again, come again, come again  
Come again, come again, come again  
Come again, come again
