This tiny spark could brighten up your darkest day
And right from the start you've tried to break this
masquerade

Searching for something more than a friend
Over and over and over again
Your heart is a siren you cannot deny
You grab on to love and you hold it deep inside

Each tiny breath has all the power of a knife
(Keep on pushing)
This little death could kick your tired ass to life
(Don't wonder why)

Searching for words that could never describe
The fears and the feelings you're trying to hide
Your heart is a quick and you cannot deny
You grab on to love, and you hold it deep inside

Hold it, hold it deep, hold it deep inside
Hold it, won't you hold it deep, hold it deep inside

Dis yah one in a style and pattern and
Dis yah one is a foundation and

Dis yah one in a style and pattern and
Dis yah one is a foundation and

Dis yah one originating and
Dis yah one it go bring a bang bang and

You've got to search down deep inside and
Love can always tek you for a ride so
Tek your girl and hold her tight man
Hold me baby, hold me tight

Searching for someone, more than a friend
Over and over and over and over again
Your cannot deny
You grab onto love and you hold it deep inside

Come on, come on

Hold it, won't you hold it deep, hold it deep inside
Hold it, hold it deep, hold it deep inside
Hold it, hold it deep, hold it deep inside

Hold it, sometimes you gotta
Hold it, sometimes you wanna squeeze it, hold it deep
inside
Hold it deep, hold it deep, hold it deep inside

Hold it, hold it deep, hold it deep inside
Hold it, hold it deep, hold it deep inside
Come on, come on
