When you're out on the street in amongst a thousand people all full of opinions You're never not alone

When you're coming in When it's time to make your exit When you're out on the dancefloor You're never not alone Never not alone You're never not alone You're never not alone You're never not alone

Brum ban ban didly ban bing Brum ban swidly didly widly ban bing Brum ban ban didly ban bing Brum ban swidly didly widly ban bing

Play one tune them have to sit down pon it Because they want it hard and romantic We just play the riddim unde automatic because Dis yah one just fantastic Play the music night and day, ay Dance the riddim and feel no way, boom Play the music night and day, ay Let de dance hall music play

When you; re out of luck and the voice of doubt is calling When you; re making love You're never not alone

Don't know yourself and not sure about the others Have you forgotten God? You're never not alone

When you're coming in When it's time to make your exit When you're out on the dancefloor You're never not alone

Never not alone You're never not alone You're never not alone You're never not alone
