If These Walls Could Talk
The tiles splattered with waste
Intestinal fluids and sinew
If these walls could talk
They'd regale with tales of horror

An anthology of vitiation
If these walls could talk

Mute witness to the horror
A sanguinary cataclysm
Malicious vivisection
Vile dismemberment

An anthology of vitiation
If these walls could talk

A desensitized beholder
Of decadence and bloodshed
A murderous dystopia
Filtered crimson red

Cold harsh stone
Clotted with offal
A permanent audience
To regular dissection

An anthology of vitiation
If these walls could talk
