You gave your son so that I could live
You gave your life but you live again
Now I am cleansed dying free from sin
I'll never be the same again
I'll never be the same again
I'll never be the same again

Shout it out shout it out loud
The world needs to know, the world needs to know
Shout it out shout it out loud
The world needs to know, the world needs to hear
about you

I once was blind but now I see
I once was bound but now I'm free
Now I'm alive for eternity,
I'll never be the same again
I'll never be the same again
I'll never be the same again

Shout it out shout it out loud
The world needs to know, the world needs to know
Shout it out shout it out loud
The world needs to know, the world needs to hear
about you
Shout it out shout it out loud
The world needs to know, the world needs to know
Shout it out shout it out loud
The world needs to know, the world needs to hear
about you

Whose gonna tell them if we don't
We need to spread your name around the world
Whose gonna tell them if we don't
We need to spread your name around the world

Shout shout shout it out
Shout shout shout it out
Shout shout shout it out
Shout shout shout it out
Shout shout shout it out
Shout shout shout it out

Shout shout shout it out
Shout shout shout it out

Shout it out shout it out loud
The world needs to know, the world needs to know
Shout it out shout it out loud
The world needs to know, the world needs to hear
about you
Shout it out shout it out loud
The world needs to know, the world needs to know
Shout it out shout it out loud
The world needs to know, the world needs to hear
about you
The world needs to hear about you
The world needs to hear about you
