Changing seasons  
The train is leaving  
The destination is everywhere but here  
Iâ€™m moving on now  
Whatâ€™s to find out  
When everything behind me  
Iâ€™ve torched down to the ground

Empty highways  
And broken skyways  
They take us places  
But donâ€™t leave us anywhere

So divided  
I canâ€™t revive it  
You donâ€™t know what youâ€™ve got until itâ€™s really  
gone  
Steel wheels now turning  
Itâ€™s just me and my burden  
Going out now  
Out on the nothern bound

You can try to face it  
But you wonâ€™t never erase it  
And it will follow you  
No matter how far you go

So many miles in all the while  
You can run until the break of dawn  
You turn around there is nothing now  
So many miles  
So many miles  
So many miles  
Oh and there you are

You can try to face it  
But you wonâ€™t never erase it  
And it will follow you  
No matter how far you go

So many miles in all the while  
You can run until the break of dawn

You turn around there is nothing now  
So many miles  
So many miles  
So many miles  
Oh and there you are
