Lock the doors
Iâ€™m sensing danger
Every day thing gets a little bit stranger
So now I hide in fear
For my own dear life

Get ready now I'm jumping shit
Cause hell If Iâ€™m going down with it
They said the end was coming
But they couldnâ€™t nail down the time

Hit the kill switch
This is it
Human kind canâ€™t co exist
Thereâ€™s no turning back now
Thereâ€™s no turning back

Somebody sound off the alarms
We canâ€™t turn off what theyâ€™ve turned on
We canâ€™t come back were too far gone

Rising oceans
Conficts in motion
Some turn their heads and donâ€™t take notice
The fire drill itâ€™s ringing
Canary in the cold mine finally stopped singing
Itâ€™s getting hotter and itâ€™s harder to breathe
Itâ€™s scaring the living daylights out of me
Here we are spinning out of control
Câ€™mon now and grab a hold

Hit the kill switch
This is it
Human kind canâ€™t co exist
Thereâ€™s no turning back now
Thereâ€™s no turning back

Somebody sound off the alarms
The warning signs theyâ€™re always on
You canâ€™t come back when your too far gone
Somebody sound off the alarms
The strife of man it carries on

Wake the dead now
Cause we don't have long
