Sirens are ringin'  
the junk yard dog starts barking  
Another crime got committed down there  
Bolt the windows and lock the doors  
I think somebody's walkin around here

Voices in the night (3x)

Found her lifeless body  
Lying down by the river side  
A Jane Doe's unknown ending  
Somebody's got blood on their hands Tonigt

Chorus:  
I heard the Voices in the Night  
As the Razor blade cuts down another life  
I heard the Voices in the Night  
As the Razor blade cuts down another life

Voices in the night (3x)

(repeat verse 1)

Found her lifeless body  
Lying down by the river side  
A Jane Doe's unknown ending  
In a world of murder and crime

Murder and crime (4x)

Chorus

We're all living in the world of Murder and Crime  
You can hear the voices  
The Voices in the night (2x)
