Too big to fly
Dodo ugly, so Dodo must die
Doggo with fear on its side
Can't change, can't change the tide

Dog baiter, agitator
Asking questions, says he wants to know why
Ain't no reason that money can't buy
Mink, he pretty, so mink, he must die, must die, must die

Sun, he giving life in his light, part of the system
Friend to man and friend to the trees
No friend to the Snowman
Where does he go, what does he do?
Does he meet with the mole, the stream, the cloud
And end up at the bottom of the sea

Fish, he got a hook in his throat, fish, he got problems
Where does he go, what does he do?
Does he hope he's too small, too poor a haul?
And end up being thrown back in the sea
I'm back in the sea

Caretaker, horror movie
Only one eye, only needs one boot
Sweet lady, she knows she looks good
Vacuum coming for the bright and the brute

Big noise, black smoke
So pig-headed couldn't see the joke
But it ain't funny, ask that fly on the wall
It's only livin', it don't matter at all, at all, at all

Pimp, he'll make you drool and grunt, he got an answer
One he got a dream of love, deep as the ocean
Where does he go, what does he do?
Will the siren team with Davy Jones
And trap him at the bottom of the sea?

I'm back in the sea
I'm back in the sea

I'm back in the sea

Meanwhile, lurking by a stone in the mud
Two eyes look to see
One eye wuzzed and then something spoke
And this is what it said to me

Close your eyes
[Incomprehensible]

Close your eyes
