[Dance On A Volcano]

Holy Mother of God

You've got to go faster than that to get to the top

Dirty old mountain all covered in smoke

She can turn you to stone

You better start doing it right

Yes you better start doing it right

All right

You're halfway up and you're halfway down

The pack on your back keeps turning you around

Throw it away, you won't need it up there, and
remember

You don't look back whatever you do

Yes you better start doing it right.

All right

Yes you better start doing it right

[The Lamb Lies Down On Broadway]

And the lamb lies down, down, down, down on
broadway

Early morning Manhattan

Ocean winds blow in off the land

Movie-Palace is now undone

The all-night watchmen have had their fun

Sleeping cheaply on the midnight show

It's the same old ending - it's time to go

Get out!

It seems they cannot leave their dream

There is something moving in the sidewalk steam

And the lamb it lies down, down, down, down on
Broadway

Night time flyers feel their pain

Drugstore takes down it's chains

Metal motion comes in bursts

But the gas station can quench that thirst

Suspension cracked on an unmade road

The trucker's eyes they read 'Overload'

And out on the subway

Rael Imperial Aerosol Kid

He Exits in the daylight, his spray gun hid

And the lamb it lies down, down, down, down on
Broadway

On broadway
On broadway
On broadway
They say the lights are always bright on broadway
They say there's always magic in the air
[Tonight, Tonight, Tonight]
Tonight, tonight, tonight
[The Lamb Lies Down On Broadway (Reprise)]
They say the lights are always bright on broadway
They say there's always magic in the air
[The Musical Box (Closing Section)]
She's a lady, she's got time
Brush back your hair, and let me get to know your face
She's a lady, she is mine
Brush back your hair, and let me get to know your flesh
(Just let me look)
I've been waiting here for so long
And all this time passed me by
It hardly seems to matter now, not now
You stand there with your fixed expression
Just casting doubt on all I have to say
Well why don't you touch me, touch me
Why don't you touch me, touch me
Touch me now, now, now, now, now
Now, now, now, now, now
Now, now, now, na, ha now
Now, now, now, now, now
Now, now, now, na, ha now
[Firth Of Fifth]
[Instrumental]
[I Know What I Like (In Your Wardrobe)]
It's one o'clock and it's time for lunch
Bum de dum de dum, dum, dum
When the sun beats down and I lie on me bench
I can always hear them talk
Ah there's always been Ethel
Jacob wake up, you've got to tidy your room now
And then Mister Lewis
Well isn't it time that he was out on his own?
Over the garden wall, two little lovebirds - cuckoo to
you!
Keep a them a mowing blades sharp
And I know what I like, and I like what I know
Ya know it's getting better in your wardrobe
Stepping one beyond your show ooh show, show you
show, show
I know, yes I know what I like, and I like I like what I
know
It's getting better in your wardrobe
Stepping one beyond your show
Your show, you know that it's your show

It's your show, know that it's your show
Know that it's your show (I like)
When the sun beats down and I lie on me bench
I can always hear them talk
Me, I'm just a lawnmower
You can tell me by the way I walk, walk!
[That's All]
Well I thought it was going all right
I found out I'm wrong when I thought I was right
It's always the same it's just a shame that's
all
And I could say day, and you'd say night
And tell it's black when I know that it's white
It's always the same, it's just a shame, that's all
[Illegal Alien]
No, no, no it's no fun being an illegal alien
No, no it's no fun being an illegal alien
It's no fun being an illegal alien
No, no, no, no, no it's no fun being an illegal alien
[Your Own Special Way]
You have your own special way
[Follow You Follow Me]
And I will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing year
I will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing year there will be
[I Know What I Like (In Your Wardrobe) Reprise]
Ye, ye, ye, ye, yes I know well I know what I like
And I like well I like what I know, I know, I know
It's getting better in your wardrobe
Stepping one beyond your show
Your show you know it's your show
