Every morning when the people are out
And Im free move around on my own
I look into the sun and I see a reflection
Of a sad and lonely shrivelled man
Thats me, thats me
And I know its how Im always gonna be

Nothing to do, nothing to say
Nothing to hope, and nothing to pray

I can see, I can feel
Ive forgotten what Im meant to be
Wont come back, not if I try

They told me things about me that I didnt know
But I could tell theyve told me lies
And it really goes to show
That everyone was wrong
And they dont understand my ways
But its not me thats going wrong, its them

I can see, I can feel
Ive forgotten what Im meant to be
Wont come back, not if I try

They told me things about me that I didnt know
But I could tell theyve told me lies
And it really goes to show
That everyone was wrong
And they dont understand my ways
But its not me thats going wrong, its them

Every morning when the people are out
And Im free move around my own
I look into the sun and I see a reflection
Of a sad and lonely shrivelled man

Thats me, thats me
And I know its how Im always gonna be

Thats me, thats me
And I know its how Im always gonna be

Shrivelled old man
Who hides from a world
Hes never seen the light
That can set him free
His vicious life
Is such a shame
I wanna find out whos to blame

And thats me, oh thats me, aaoh
Set me free
