Here we are, it's the perfect time  
I'll do anything that'll ease your mind let's start with this  
I should've told you twice a day  
That I'm crazy about your sexy ways so here it is, here  
it is now baby

After forever  
That's when my heart won't find it's way to you, oh no,  
woah  
After forever  
That's when my night won't turn to day with you, oh,  
baby

And the stars won't shine and the moon won't glow  
And the birds won't sing and the wind won't blow  
That's when I'll be gone, that'll be the day  
'Cause I'm down with you and I'm here to stay, baby

Tell me how did you ever doubt  
That it's you I just can't live without, must I explain?  
I can't go more than an hour, you know  
Without hearing your voice on the telephone  
Say my name, baby you're to blame

After forever  
I won't be waiting here when you get home, oh no,  
woah  
After forever  
That's when I'll leave you, girl, to be alone, oh baby

And the stars won't shine and the moon won't glow  
And the birds won't sing and the wind won't blow  
That's when I'll be gone, that'll be the day  
'Cause I'm down with you and I'm here to stay, baby

After forever  
That's when my heart won't find it's way to you, oh no,  
woah  
After forever  
That's when my night won't turn to day with you, oh  
baby

After forever  
I won't be waiting here when you get home, oh no,  
woah  
After forever  
That's when I'll leave you girl, to be alone, oh baby

The stars won't shine and the moon won't glow  
When the birds won't sing and the wind won't blow  
That's when I'll be gone, that'll be the day  
'Cause I'm down with you and I'm here to stay, baby

And the stars won't shine and the moon won't glow  
And the birds won't sing and the wind won't blow  
That's when I'll be gone, that'll be the day  
'Cause I'm down with you and I'm here to stay  
Here to stay baby now
