A popularity of invasion  
Handed down through centuries  
A force of arms called gentle persuasion  
What have we learned from history  
Apparently nothing

Chorus:  
Apparently nothing  
Nothing apparently  
Apparently nothing  
Nothing apparently  
Apparently nothing  
Nothing apparently  
Apparently nothing  
Nothing apparently

Human worth is so inexpensive  
Compared to gold, the root of most wars  
Subtract the tears from countless offences  
What is left but guns and scars  
Apparently nothing

Chorus

Well as for me I'm gonna keep loving  
'Cause it's the only sane thing to do  
'Cause I'm not into pushin' and shovin'

No confrontation, what have you  
Apparently nothing

Chorus

Yeah, yeah

I ain't trying to rule your mind  
A conscious observer trying to find  
A place on Earth where they heed the signs  
Beware of conflicts that ruin unkind  
If you want things move better  
Withstand the tides of the bad weather  
The struggle thrives when we all gather

Down at the bank of the soul river  
Yeah

A baby is crying  
A mother is dying  
A leader is swearing  
But no one is caring... about  
Apparently nothing

Chorus

See the light  
See the light  
See the light
