(Intro)

Uh-uh, uh-uh
It's all about the funk
Wuh-uh, ah-ah

(Verse 1)

How many times did I try to tell you, you know
You ain't gonna get sympathy
You can't always chase your own desires
Or you'll be chasing endlessly
Decide, see what's to decide in your mind
Why you got to mess around and let her down?

How ja think she'd feel about it
She'd feel about what you do
How ja think she'd feel about it
Oh-oh

(Chorus 1)

How ja think she'd feel about it
How ja think she'd feel about it
Ho-ho, ho-wuh-oh
How ja think she'd feel about it
How ja think she'd feel about it
Ho-ho

(Verse 2)

I know about the rhymes that you been spinning
You know in time it comes back on you
This ain't a story you'll be winning
But there are two ways you can lose
Decide, see what's to decide in your mind
Why you got to mess around and let her down?

How ja think she'd feel about it
She'd feel about what you do
How ja think she'd feel about it
She'd feel about what you do
Oh-oh

(Chorus 2)

How ja think she'd feel about it
How ja think she'd feel about it
Ho-ho, ho-wuh-oh
How ja think she'd feel about it
How ja think she'd feel about it

(Bridge)

Ohhhh
Uh-uh, oh-oh
Yeah-eah
Da-da, da-da,
Ooh-ooh, oh-oh,

Your playing's over, I Been on to you
So you'd better oh-oh
You better give it up
Think you're clever ? Now you're down a peg or two
Take it down, take it down,
Take it down, take it down

(Chorus 3)

How ja think she'd feel about it
How ja think she'd feel about it
How ja think she'd feel about it
How ja think she'd feel about, she'd feel about
She'd feel about it

(Coda)

Those things that you promise that you'd never do
If she knew all the things that you put her through
How would she feel, if she knew 'bout what you've
done?
Found out the person that you've now become

You'll see that every dog will have his day
That's the time that you learn there's a price to pay
That you hurt all the people you betray
If she knew, if she knew
But you knew and you went and did it anyway

Those things that you promise that you'd never do
How ja think she'd feel about it
If she knew all the things that you put her through
How ja think she'd feel about it
How would she feel, if she knew 'bout what you've done
?
How ja think she'd feel about it
Found out the person that you've now become

You'll see that every dog will have his day
That's the time that you learn there's a price to pay

That you hurt all the people you betray
But you knew and you went and did it anyway
