Living with you in my life  
Is like feeling the whole world's on my side  
Putting a smile in the place  
Where a tear used to run down my face

Feeling the sun on my head  
Where a cloud used to follow instead  
Singing a song in my heart  
In a place where all my troubles depart

If our dreams are falling down to the ground  
Let them fly  
Let the rain keep falling down  
'Cause baby I'm high

Now it will fly  
Now that we're together  
Love is so high  
Stay this way forever

With you in my life  
Is like feeling the whole world's on my side  
Putting a smile in the place  
Where a tear used to run down my face

If our dreams are falling down to the ground  
Let them fly  
Let the rain keep falling down  
'Cause baby I'm high

Now it will fly  
Now that we're together  
Love is so high  
Stay this way forever

Our love, yeah yeah

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Love will be here forever  
I know that we'll stay together  
Our love will be here forever  
I hope that we'll stay together

Our love will be here forever  
If we'll stay together
