Turning on your Terrorvision
Channel 1,2,3
Only seeing what we're giving
When you turn on me, that's destiny
That when you turn me on, you burn in bed
I'll plant a seed of violence into every little head
Hail to the Freaks!! We got a freak show coming!
A game of chance is what your playin
When you play with me
Only hearin what we're saying
When you turn on me, that's destiny
That when you turn me on, you burn in bed
While I plant a seed of violence into every little head
Hail to the Freaks!! We got a freak show coming!
Coming for contagion, Cummin on the nation!
True lies, come and get you some, Channel 1,2,3
True lies, come and get you some, It's what you got to
see
True lies, Living free! True lies, trip is free!
'Round and round and round and round she goes
Where she stops nobody knows
Round and round and round and round she goes
Where she stops, Nobody knows!!
True lies, living free! True lies, trip is free!
For you and me
