Verse one:

The amplified sample, will trample, the leading cancel That vacate your vessel Guide this, strenuous as an arm wrestle Move swift as light, a thousand years in one night Then flight with insight Everything I thought of, I saw it happen Then I rose from the soil to sun blacken Then came rao czars, left tracks and scarred A pair of brightness of exploding stars Gave me goods to taste No ingredients to traced And remained stuffed trying to figure the shape of space

No edge or boundary, released 2 rounds or 3 Intimidate my razor scrape, phony clown mc The physical shatter from the blast Pierclastic flow sets of a tower of ash Through ignorance and misplaced trust your world's crushed

Too late to activate hyperspace of thrust Even wearing camoflauge the analog at war He seen his high beems

The father came in accompianed by deadly rain and when

Mentally indowed when lighting hit the crowd The warm side crushed the barrier The storm side destroyed your area

Repeat verse

The amplified sample, will trample, the leading cancel That vacate your vessel

The amplified sample, the amplified sample, the amplified sample Will trample

The amplified sample, will trample, the leading cancel That vacate your vessel

The amplified, the amplified sample

The amplified sample, the amplified

The amplified sample, will trample, the leading cancel

The amplified

The amplified sample, will trample, the leading cancel

The amplified, the amplified

The amplified sample (fade out)
