[chorus: gza]

Breaker, breaker, one nine, clear the line
Can you read me? extorted your rhymes
Mc's should expect the worst
I stay alert and shoot first

[gza]

This is not a test, it's difficulty
Picture closely, the ignorant mostly
Blind, deaf, dumb, your mind left numb
Lost soul who failed to hear the roll of the drum
In the bottom of your bomb shelter, still felt the
Heavy blast that blew off the masks of twelve welders
The math of an elder, praise the lord - thank you
genius
Operation: project english
Commander-n-chief of flight style, check the aircraft
Glide like the frisbee, digi look disney
To check fault in oneself is pure loveliness
You break the mirror that remind you of your ugliness
So when I bust, no one is untouched
Some returning with the mic clutched, like such
Who plan but never execute
He had the heat in his hand, but yo he didn't shoot
Therefore; your mechanism of material better be sickly
Or let your lead spread incredibly quickly
I move bravely, travellin on a horse
On the battlefield, surrounded by the lost
Of those who plotted with the brains of animals
My high molecular structure be untangible
The name ring a bell, killable two syllable
The wu is comin through, the outcome is critical
To be blunt, the beef was cooked up like coke goods
The rhyme first came to me in the oak woods
Up to no good, rap icon
"milk" the industry like the wall street junk bond
You see the bright stone, I got your height sewn
Direct current, that move through the mic-phone
Key contributor, well known major factor
Rhyme distributor, the drive of a tractor
Who run ya down if you don't wanna move or wanna

linger {*echoes*}

Chorus: repeat 2x

[gza]

The immortality of my fame is the measure of other's
torture

Burnt offer, from a flamin author

The falconer who flies enough birds for the chase

Strictly excel in what is excellence with grace

The significance was not the vulgar applause of
interest

But the feelin that exit, completion of a sentence

With age and experience, my reason ripens

I strike on you vikings, slash like a hyphen

If you enter the house of fortune by the gate of
pleasure

You will leave by sorrow, the flow measures

Everything fails with the unfortunate

Learned that recordin it, so my mind broaden it

Track records, ranks us, with the exceptional

Extreme complex physics, high technical

The truth is usually seen and rarely heard

What's more dangerous than hatred, is the word

You wild cards, jack of all trades

Those who parade their positions, show their spades

A large flock of mc's, they figure to be taught

It ain't hard to see why I'm vigorously saught

Chorus: repeat 2x

[outro: gza]

Breaker, breaker, one nine

Breaker, breaker, one nine
