I am the Lecher bitch and I wear the X of castigation  
I am the whore of the extreme  
I am the heretic and I crave your excommunication  
Look in my eyes  
Get a little star struck and a little insane

Tell me your story  
Don't worry,  
I won't care  
'Cause I'm the incomparable  
Got a mission impossible  
Just say that you love me

I say 'HEY!'  
You're coming all the way  
I've got some hell to pay  
I'm diggin' all the way  
All the way down...  
I say 'HEY!'  
You're coming all the way  
I've got some hell to pay  
Gonna rape you every way  
On the way down again

Well, I am the Lecher Bitch and I call on all who feed on  
danger  
Taste of the whore,  
Suffer my seed  
Crawl with the heretic and the world outside gets a little  
bit stranger  
Look in my eyes  
Wanna little star fuck and a little good pain  
Tell me your story.  
Don't worry,  
I've been there  
Crown me your savior  
Don't worry  
I'll be there

I say 'HEY!'  
You're coming all the way  
I've got some hell to pay

I'm diggin' all the way  
All the way down...  
I say 'HEY!'  
You're coming all the way  
I've got some hell to pay  
Gonna rape you every way  
On the way down again

Don't belong Lording above me  
Won't be hard to pull you underground

It won't be long till ya love me  
And I'll be coming at your back  
To break it down

You're coming all the way  
I've got some hell to pay  
I'm diggin' all the way  
All the way down...  
I say 'HEY!'  
I'm coming all the way  
I've got some hell to pay  
Gonna rape you every way  
On the way down  
Again

Crossed your heart but still I lied  
Stick this needle down inside  
Leave you with an open wound  
Left to die alone  
Like an animal
