I want it  
I need it  
I've got to have it  
Yeah!

Oh, yeah

Will give something new  
Something cool  
Something advertising  
Wanna separate, masquerade  
And something tear to...  
Wanna make you shake  
Make you quake inside we're terrorizing  
Feel the the groove, make you...  
Make your blood come rising  
Take me to the stage  
I take your breath away  
Come on

I want it  
I need it  
I want it  
Louder, louder, yeah

I want it  
I need it  
I want it  
And I want it right now

I transform my future  
When I take the stage my demons come out me  
... beating down your back  
My vengeance cause you screaming, yeah  
Turn the rock up  
Make you all a part of me  
Turn the rock up  
Louder, louder

Cause you wanna live in sorrowful dreams  
And be star you've never seen, yeah

Get you harder now  
So, make it louder now

Take me to the stage  
I take your breath away  
(I want it)

I want it  
I need it  
I want it  
Louder, louder, yeah

I want it  
I need it  
I want it  
And I want it right

Yeah  
I only left when I bleed  
I am just the bitch that you need  
To tear this whole world apart  
And leave 'em crying  
Never forgive (you) ever lived  
I push you harder, then hell  
Burning deep in your heart  
Wish you were dying

I want it  
I need it  
I want it  
Louder, louder, yeah

Come on

I want it (Yeah!)  
I need it (Ah!)  
I want it  
Louder, louder, yeah

I want it  
I need it  
I want it  
Louder, louder, yeah

I want it  
I need it  
I want it  
Louder, louder, yeah

I want it  
I need it

I want it  
And I want it right now

I want it  
I need it  
I want it  
And I want it right
