Just one kiss from me
Is all you need
Just one taste can change your life
Or everything
You hoped and dreamed
My bloodlust cause will take your life

Some day
You won't be so afraid
To stay inside
You won't be so afraid
To cover-dark your hole
Forever

My me my me my
My little lover
My me my me my
My little lover
Yeah

So close your eyes
Worlds away
Goodnight Kiss
You never miss a light
Drained of your fear
it drains us nearer
Bloodlust wakes
Gonna take the night

You're dying
Slowly
Solely
For me
You're lying
lonely
Your soul is

For me

You're
My me my me my
My little lover

My me my me my
My little lover
Yeah

Crawl with me
Crawl with me
Be my
My little lover
x2

My me my me my
My little lover
My me my me my
My little lover
Yeah

Crawl with me
hey
Crawl with me
hey

You know you're
My me my me my
My little lover
You're dying
slowly
Stole your soul away
