I am the Lecher bitch and I wear the X of castigation
I am the whore of the extreme
I am the heretic and I crave your excommunication
Look in my eyes
Get a little star struck and a little insane
Tell me your story. Don't worry, I won't care
Cause I'm the incomparable
Got a mission impossible
Just say that you love me

I say Hey! You're coming all the way
I've got some hell to pay
I'm diggin' all the way
All the way down
I say Hey! You're coming all the way
I've got some hell to pay
Gonna rape you every way
On the way down
Again

Well I am the Lecher Bitch and I call on all who feed on
danger
Taste of the whore suffer my seed
Crawl with the heretic and the world outside gets a little
bit stranger
Look in my eyes
Wanna little star fuck and a little good pain
Tell me your story. Don't worry, I've been there
Crown me your savior
Don't worry I'll be there

Don't belong lording above me
Won't be hard to pull you underground
It won't be long till ya love me
Then I'll be coming at your back
To break it down

Crossed your heart but still I lied
Stick this needle down inside
Leave you with an open wound
Left to die alone
Like an animal
