I love myself, I want you to love me
When I feel down, I want you above me
I search myself, I want you to find me
Forget myself, I want you to remind me

I don't want anybody else
When I think about you, I touch myself
I don't want anybody else
I touch myself

You close your eyes and see me before you
Think you would die if I were to ignore you
A fool could see just how much you adore me
Get down on your knees and do anything for me

I don't want anybody else
When I think about you, I touch myself
I don't want anybody else

I'm the one who makes you come runnin'
Gets you comin' all the time
When I'm around, you're always beggin'

I wanna make you mine

I love myself, I want you to love me
When I feel down, I want you above me
I search myself, I want you to find me
Forget myself, I want you to remind me

I don't want anybody else
When I think about you, I touch myself
I don't want anybody else

I don't want anybody else
When I think about you, I touch myself
I don't want anybody else
I touch myself
