Choose the sword and you will join me
Choose the ball and you join your mother in death
You don't understand my words, but you must choose
So come boy, choose life or death

Yeah, go to hell
The only man a hoe wait for
Is the sky-blue Bally kid, in eighty-three, rocked
Taylor's
My Memorex performed tape decks, my own phone sex
Watch out for Haiti bitches, I heard they throw hex
Yo, Wu whole platoon is filled with rac-coons
Corner sittin' wine niggaz sippin' Apple Boone
This ain't no white cartoon
'Cuz I be duckin' crazy spades
The kid hold white shit, like blacks rock ashy legs

Why is the sky blue? Why is water wet?
Why did Judas rat to Romans while Jesus slept? Stand
up
You're out of luck like two dogs stuck
Iron Man be sippin' rum, out of Stanley Cups,
unflammable
Noriega, aimin' knives which stay windy in Chicago
Spine-tingle, mind boggles
Kangols in rainbow colors, promoters try to hold dough
Give me mine before Po, wrap you up in so-and-so
I ran the Dark Ages, Constantine and great Henry the
Eighth
Built with Ghengis Khan, the wreck suede wiley Don

I judge wisely, as if nothin' ever surprise me
Loungin', between two pillars of ivory
I'm lively, my dome piece is like buildin' stones in
Greece
My poems are deep from ancient thrones I speak
I'm overwhelmed as my mind roams the realm
My eye's the vision, memory is the film
Others act sub-tile, but they fragile above clouds
They act wild and couldn't budge a crowd
No matter how loud they get, though they growl and
spit

Clutch they fists, and throw up signs like a Crip
And throw all types of fits
I leave 'em split, like ass cheeks and ragged pussy lips

Aiyyo, camoflouge chameleon, ninjas scalin' your
buildin'
No time to grab the gun, they already got your wife and
children
A hit was sent from the President to rage your
residence
Because you had secret evidence and documents
On how they raped the continents and it's the
prominent
Dominant Islamic, Asiatic black hebrew
The year two thousand and two, the battle's filled with
the Wu
Six million devils just died from the Bubonic Flu
Or the Ebola Virus under the reign of King Cyrus

You can see the weakness of a man right through his
iris
Un-loyal snakes get thrown in boilin' lakes
Of hot oil, it boils your skin, chickenheads gettin' slim
Like Olive Oyl, only plant the seed deep inside fertile
soil
Fortified with essential, vitamin and mineral
Use the sky for a blanket, stuffin' clouds inside my
pillow
Rollin' with the lands
The tribe's a hundred and forty four thousand chosen
Protons electrons always cause explosions

The banks of G, all cream downs a vet
Money feed good, opposites off the set
It ain't hard to see, my seeds need God-degree
I got mouths to feed, unnecessary beef is more cows to
breed
I'm on some tax free shit by any means
Whether bound to hit scheme or some counterfeit
cream
I learned much from such with cons who run scams
Veterans got the game spiced like hams
And from that, sons are born and guns are drawn

Clips are fully loaded, and then blood floods the lawn
Disciplinary action was a fraction of strength
That made me truncate the limp on temp
With the stump, treat his hips like air pumps
RZA shaped the track, niggaz caught razor bumps
Scarred tryin' to figure who invented
This unprecedented, opium-scented, dark-tinted

Now watch me blow him out his shoes without clues
'Cuz I won't hesitate to detonate, I'm short fuse
