Chorus:

When a mothafucka steps out his place  
N' gets slapped in his mothafuckin' face  
Just because the mothafucka tried to base  
The G.O.D., the G.O.D.

N' while I see his whole clique passes by  
Mothafuckaz think they qualify  
N' for those niggaz want to try  
The G.O.D., the G.O.D.

Yo

I'm not caught up in politics  
I'm no black activist on a so called scholar's dick  
I come through with the Wu N' drop math  
N' versatile freestyles bombs N' phonographs  
N' deliver all things N' other in weight  
Searched to death, on how livin' things relate  
Cuz at a young age, I was molded in a religion I relied  
on  
N' got caught up in superstition  
Scared to split pole, duck black cats  
Once in a while, threw salt over my back  
But with knowledge of self from off the shelf  
Made things seemed complicated now small like elves  
So turn off the lights, light a candle N' have a seance  
Pull the lid off the Dean Martin scandal  
Witches warlocks spooks N' holy ghosts  
RZA let's defraud the host

Chorus:

When a mothafucka steps out his place  
N' gets slapped in his goddamned face  
Just because the nigga what he tried to base  
The G.O.D., the G.O.D.

N' while I see his whole clique passes by  
Mothafuckaz think they qualify  
N' for those niggaz want to try  
The G.O.D., the G.O.D.

We were on the same ship when the slaves were  
checked  
I had to pull your card you was on the top deck  
So I plotted my escape, I saw the thin line between love  
N' hate  
N' fast from the hog on the plate  
I suffered brutal pains, from whips N' chains  
Punishments that were set to wash the brain  
So look, listen, observe N' also respect this jewel  
Drawed up, detect n' reflect this  
Light I shine, that cause my power to be find  
Through the truth, which manifest through eternal  
minds  
Purified gasses N' masses the same elements  
That helped spark civilization classes  
I see brothers quote math plus degrees  
Look at professor ass niggaz can't feed they own  
seeds

Chorus:

When a nigga steps out his place  
N' gets slapped in his mothafuckin' face  
Just because the nigga what he tried to base  
The G.O.D., the G.O.D.

N' while I see his whole clique passes by  
Mothafuckaz think they qualify  
N' for those niggaz want to try  
The G.O.D., the G.O.D.

When a mothafucka steps out his place  
N' gets slapped in his goddamned face  
Just because the nigga what he tried to base  
The G.O.D., the G.O.D.

N' while I see his whole clique passes by  
Mothafuckaz think they qualify  
N' for those niggaz want to try  
The G.O.D., the G.O.D.
