I wake up in the middle of the night  
In the darkness and all of fright  
I wonder what made me this way  
I don't know, can't really say

These thoughts they come without warn  
I pray for it, I pray for morn  
So find a place that feels like home  
The grants are tied i won't let go

So concentrate and rest myself  
All is good and all is well  
Hard to say i'm alright  
Who damned this shit and damned the night?

I'm a slave within myself  
On my knees i pray for help  
Is this the end all i know?

I got to conquer this some how

So concentrate and rest myself  
All is good and all is well  
Hard to say i'm alright  
Who damned this shit and damned the night?

Think all the ways i wait for them  
Leading me on i fool with hell  
Think all the ways i wait for them  
Leading me on i fool with hell  
Think all the ways i wait for them  
Leading me on i fool with hell  
Think all the ways i wait for them  
Leading me on i fool with hell
