As I sit, as the world goes 'round,
In the room I've known before
Is it me? Am I inside out?
In a dream, as I watch the floor
Everywhere, see, they are closing in,
- Do I need lifting, do I need lifting
But you say, no, there's nobody there,
- Do I need lifting, do I need,
Do I need, do I, do I need?
How the colors seemed so bright,
Now it feels they've lost their glow
And the dreams, only nightmares now,
Images, from down below
Everything is spinning 'round,
'Round and 'round I go
- Do I need lifting, do I need lifting
Where's the door, now I don't know
- Do I need lifting,
(do I need, do I need, do I?) x3
Do I need lifting, do I need lifting
Do I need lifting, do I need?
Funny how I lose control
Funny how, I don't feel me
But I do feel I'm inside out
But I hear, I feel, I see
Everything is getting dark
No, please don't lock me in
Do I need lifting, do I need lifting
Am I here, the light is growing dim
- Do I need lifting,
(do I need, do I need, do I?) x3
- Do I need lifting, do I need lifting
Inside out
- Do I need lifting, do I need lifting
Inside out
- Do I need lifting, do I need lifting
- Do I need lifting, do I need lifting
