Weekend cowboy, passing through
Do you know where you're going,
Where you're going to.
Multicolored drag duffle bag
Traveling light with a friend,
With a friend or two.
All week long behind your desk,
Paperwork and white shirts,
You have to look your best

Weekend cowboy, let your hair hang down.
Every weekend in a different town.

Weekend cowboy, play it safe
Don't look back, stay at home,
It's a better place.
On the road there's little hope
Growing up is a thing
That you'll have to face.

Summer breeze on the Isle of Wight,
And it's good to be free.
Don't forget what you are,
Yes you have to go back.
You're going back to be a...
Weekend cowboy.

Weekend cowboy let your hair hang down.
Every weekend in a different town.
