Working all day, I'm digging up the roads, just working  
all day

Dig for my pay and spend it where I like. I've nothing to  
say

Drown in my sweat but money buys escape. I've got no  
regrets

Working all day

Working all day

When I was young I used to have illusions - Dreams  
ain't enough.

Papa was rough. He didn't care for learning. Hell life is  
tough.

Easy to say that everybody's equal then look around  
and

see it ain't true.

Working all day

I eat the dust. The boss gets all the money. Life ain't  
just.

I'm still the same as all the other people - who can I  
trust

Working all day and never getting nowhere, what can I  
say working all day

Working all day.
