I tried so hard to show
how I feel for you
I shouldn't have told you
that's for sure

You're very nice
But that's not enough
I want you to want me
Down on the floor

Why won't you let me know?
no, why won't you let me know?
Why won't you let me know?

I tried so hard I blew it
the thing I had with you
I shouldn't have told you
that's for sure

You look very nice
but that's not enough
I want you to tell me
that you're in love

Why won't you let me know?
no why won't you let me know?
Why won't you let me know?
