You nuh see that we a step ina di footsteps of Jah Jah,
Hear the "Eden" a talking but dem just can't bother,
But step by step nuh so we climb up the ladder,
We choose "and" rights we help another.

It's This is not about class, colour or races,

Obedience and courage to a higher purpose in your
life,
Concious of the knowledge,
That exists ina the words of the wise,
Silence and devotion must we learn,
For the one... connection that we earn,
The players of the faithful concern,
That the tide it might be turn.

It's This is not about class, colour or races,

Put a smile on thus distant/desolate faces,
Wipe away your sorrow with no traces. (2x)

I nuh really matter if your cons are pros,
And I nuh really matter if your friends are foes,
To be yourself ina "the ideal" so life goes,
Righteousness man havi come first.

It's not about class, colour or races,
Let's get around and see different places yeah,
Put a smile on thus distant faces,
Wipe away your sorrow with no traces
