An when she come inna me yard it is a blessing to me
An conversation intellegently
She a the water to me root and she can't dilute
She gon bear me fruit and there is no dispute
The jungle to my heart she know the route
As night turn to day no substitute

Chorus

Cause you don't see me don't mean I don't care
Cause I cannot touch you not mean I'm not there
Although we are apart feelings we share
I'm a man upon mission please be aware
The road it might be rough but woman don't be afraid
The journey might be long but don't lose your faith
I'm oceans away but we communicate
And soon I will be home and we gonna have a day

Chorus

Love how she kiss how she caress
The passion not sway how she put me to the test
When it comes to lovin she an empress at the best
I don't need a witness I confess
Everynight I pray that she never leaves me loney
Always pon the road and me know that it not easy

Express to her that she are my one and only
Future will be bright mother of my baby
