Yes, empress devine
Anytime me look ina your face
You make my world a brighter place
And your majesty and grace
A help me through the rat race

Joy ina your eyes, me nuh see no tears
Love is what you giving me throughout the years
Every time you need me, I will be there, my dear, I
swear

There is no faking no heartbreaking
Like a volcano, this ya true love is shaking
In tender caring we are partaking
Woman, me feel, seh big things ina the making

Intoxication of a certain kind
I will admit that you suit my mind
Palpitation of another kind
Don't fast forward, baby, just rewind

Joy ina your eyes, me nuh see no tears
Love is what you giving me throughout the years
Every time you need me, I will be there, my dear, I
swear

No mistaking in every thing you do
And I will always be a part of you
Jah, Jah made us and he will see us through
Always and forever, baby girl, this love is true

I've been searching for the longest time
Almost givin' up never thought I would find
Seen many roses die on the vine
But a hidden treasure in you, I man find

Joy ina your eyes, me nuh see no tears
Love is what you giving me throughout the years
Every time you need me, I will be there, my dear, I
swear

On the magic carpet we a ride

Venus Jupiter to the other side
Fi we togetherness, nuh need no guide
There is nothing to be shame nothing, fi go hide

A whole new world awaits
Brighter than the pearly gates
Where love is as strong as fate
And life is about to give and to take

Joy in your eyes, me nuh see no tears
Love is what you giving me throughout the years
Every time you need me, I will be there, my dear, I
swear
