Yeaah
Hmm
Woaah

It no pretty out there at all
So many rises so many fall
So many standing in the middle of despair
Nobody cares nobody sees it clear

Them blinded by society
And now them can't see the quality
Me see them blinded capacity
Verbal verbosity
And them ignorant atrocity
Can't you see it's right here
So tell me what a cause so much damn poverty
Tell me why people them a lose gravity
It caused by a handful of minority
Who try to pull down the majority
Well this is up to you and me
Make we sit down and talk bout long trinity
Sit down and reason conscious levity
Our natural ability
Give thanks for diversity

It no pretty out thre at all
So many rises so many fall
So many standing in the middle of despair
Nobody cares nobody sees it clear

No way

It no pretty out thre at all

So many rises so many fall
So many standing in the middle of despair
Nobody cares nobody sees it clear

Someday tell me what is happening out there
Some old sotry even though it's a new year
Peomple die every day.see them cry every day
What a burden to bear. Yeah

Me see how you a trick we with your politics of fear
No matter what you do them always try to smear
And your them want blame leace your standing in the
rain
And I wonder if you hear

So tell me what a cause so much damn poverty
Tell me why people them a lose gravity
It caused by a handful of minority
Who try to pull down the majority

Yeaah
Hmm
Woaah

It no pretty out thre at all
So many rises so many fall
So many standing in the middle of despair
Nobody cares nobody sees it clear

No way
