Serenity and love in a the air  
And da one who want deny  
Soon cry a river of tears  
Long time now we livin in a fear  
Something new fi try  
Press gas find another gear

Why you wanna throw it all away  
Now you about to hurt yourself  
It is happening here there and everywhere  
Man a left from the spiritual wealth  
Find out who you are  
Hear the sound from a far  
Forget about your try along crosses  
So much emotional scar  
From that tug-a-war  
But every tribulation passes...

Refrain x2

No life is in vain  
No thought insane  
No transgression to complain  
No gun nuh hide round the lane  
No fight fi fame  
And blessings ago shower like rain  
No pride no ego no shame  
No one to blame  
No lava run down the main  
No prisoner to detained  
And no dog fi chain  
Love alone man hafi maintain

Refrain x2

Your time and my time  
A fi we time now a fi we time no  
Peace the groom love the bride  
We live it right now we live it right now  
Let your spritual conscience erupt  
Let it flow through your veins till it spill from your cup  
And just like your heart beat nonstop

Your awareness is rising so don't let drop

Refrain x2

Why you wanna throw it all away  
Now you about to hurt yourself  
It is happening here there and everywhere  
Man a left from the spiritual wealth  
Find out who you are  
Hear the sound from a far  
Forget about your try along crosses  
So much emotional scar  
From that tug-a-war  
But every tribulation passes...

Refrain x2
